Dear Jinsong

Please accept my sincere appreciations for the **outstanding** job you did as a **reviewer** of SEP-3: NCI Clinical and Translational R21 and Omnibus R03 Review Meeting. Your broad expertise and active participation in the panel enriched the peer review. It is always a pleasure to have you in my panel.

Organizing a face to face meeting with many phone reviewers is difficult and can often be hampered by unexpected events. I sincerely hope that your overall experience in attending this meeting was positive.

If you have missed the edit phase of revised critique submission, you can email me the revised critiques.

Your reimbursement (\$200 honorarium/day, a flat rate reimbursement of \$80 per day for each meeting day for meals and \$235 per trip for ground transportation) should be deposited into your account in 3-4 weeks.

Again, many thanks for spending your valuable time reviewing, evaluating the R21 and R03 grant applications. I hope I'll have many more opportunities to work with you in the future.

Kind Regards

Hasan

Hasan Siddiqui, Ph.D.
